Best Ways How to Get Indexed on Google Faster

1. Google Search Console (Most Important Tool)

Google's official indexing system is the foundation of fast indexing:

- Submit your website URL
- Use "Request Indexing" feature
- Upload XML sitemap

 This is the most trusted and effective method.

2. Submit an XML Sitemap

A sitemap helps Google understand your website structure.

Example:

- [yourwebsite.com/sitemap.xml](#)

Always update it when new pages are published.

3. Internal Linking Strategy

Link your new pages from already indexed content. This helps Google bots discover your content faster and improves crawl priority.

4. Social Sharing for Faster Discovery

Sharing content on platforms like:

- Facebook
- X (Twitter)
- LinkedIn

helps increase visibility signals for faster indexing.
